# How much will you *pay*?

From 1 April 2026

---

Below we have listed calculation examples for our different room prices.

**Please note the following:**

- The combination option is set at 50% as an example only. If you choose this option, you decide how much deposit you pay. This might be more or less than 50%.
- The daily RAD retention amount is an approximate example for the first day only. The 2% retention is calculated daily on the current RAD balance (after previous deductions). Each daily deduction slightly reduces the balance, and future deductions are based on the reduced amount. RAD retentions are not an out-of-pocket cost.
- The *Hotelling Contribution* and *Non-Clinical Care Contribution* will be added to your daily fees depending on the outcome of your Income and Asset Assessment. We may charge the maximum amount permitted under the Act until an assessment is made, at which time we will make an appropriate adjustment.
- Additional services will be added as per the resident’s selection under a *Higher Everyday Living Agreement* after entering our services.
